Attn: Ms. Eloise Remski, Office Manager

Dear Ms. Remski:

Having worked with CCLI / L.I. on a couple of projects for one of our municipal clients, Suffolk County, we have found CCLI to be a cooperative, concerned and engaging construction company with an interest in producing a project that yields satisfactory, well executed results for not only the construction budget but also for our client's needs and expectations.

We look forward to working with CCLI/ L.I. on other projects in the future.

Sincerely,
